Veterinary Workshop Antimicrobial Stewardship

Inviting veterinarians with an interest in Antimicrobial Stewardship (AMS)

The key aims of the workshop are to:

- Discuss the importance and potential outcomes of developing antimicrobial stewardship programs in veterinary practice in Australia
- Outline the proposed Antimicrobial Stewardship Training Program for veterinary graduates under development by Australian and New Zealand Veterinary schools, funded by Department of Agriculture and Water Resources
- Seek stakeholder feedback on the training program's proposed content and delivery methods in order to optimise uptake and impact

Invited Speakers:

Dr Stephen Page,
Veterinary Pharmacologist, Director of Advanced Veterinary Therapeutics

Professor Glenn Browning, Professor in Veterinary Microbiology, Director, Asia-Pacific Centre for Animal Health, University of Melbourne

Workshop Facilitators:

Dr Sarah Britton, project officer for the A&NZ Veterinary Schools AMS Training Program
Dr Jacqui Norris, academic lead for A&NZ Veterinary Schools AMS Training Program

- 12:00pm – 5:00pm
